AUSTRALIAN INTERNSHIPS | INTERNS

AUSTRALIAN INTERNSHIPS

Australian Internships was founded in 1998 to provide responsive on-the-job training to meet international demand from universities, students and graduates. Australian Internships caters for students and graduates from over 90 countries, providing opportunities with some 8,000+ Australian host companies and Government Departments in most academic disciplines.

PROFESSIONAL INTERNSHIP PROGRAM

- Non paid training positions available in Science, Technology, Mathematics and Engineering industries Australia wide.
- Duration is from 12 – 26 weeks
- Positions are available Australia wide– candidates are required to be flexible with either their location or internship preferences due to high intern demand and low.
- Industry availability in certain locations/fields.
- Academic credit available.
- Apply up to 3-4 months in advance pending available vacancies and visas.

BENEFITS OF AN INTERNSHIP

- Gain practical experience in the Australian workplace.
- Receive training within your area of study.
- Expand your network of professional contacts.
- Develop an understanding of the international workplace.
- Cultivate industry specific terminology.
- Improve workplace communication skills.
- Gain a competitive edge in the job market.
- Create memories that will last a lifetime.
- Develop soft skills that are vital for career success.

APPLICATION PROCESS

- 1 ENQUIRY AND ASSESSMENT**
Complete the online form, submit initial documentation, availability and application video to find out whether you are eligible for the Virtual Internship Program.
- 2 APPLICATION & PROCESSING**
Eligible candidates will be requested to complete and return the application form along with the supporting documents and application fee. Australian Internships will start negotiating your internship details.
- 3 CONFIRMATION & PAYMENT**
Australian Internships will arrange an interview for you with the Host Organisation after which the internship will be confirmed through a formal Training Agreement. Any outstanding fees to be paid.
- 4 PROGRAM PARTICIPATION**
Congratulations! You are about to embark on an incredible journey. You will have an orientation before you start your internship. Once you begin your internship we will be asking for your continued feedback and continue to provide you with support.

- Full orientation sessions.

WHAT OUR INTERNS HAVE TO SAY

"I have been looking for a job for almost a year already, however, most of the job vacancies require the applicant to have at least one year of work experience, and visa status is also a part of the issue as we know most companies are only hiring Australian citizens. Therefore, I decided to start with an internship program and gain some work experience in related fields, try to build up my networking, and find any possible opportunity to get a job offer!

I learned that it's important to communicate with my supervisor via phone or email if I have questions or if I don't know how to work on a task. Asking for help and clarification is better than pretending you've understood what you need to do, no matter what. As an intern, good communication will help with productivity, efficiency, and growth.

Australian Internships helped me to find a company that suits me and start my career. Without an Australia Internship and Imante Markeviciute, it would be difficult for me to have the opportunity to intern in this company I dream of. Or maybe I am still have not found any engineering jobs. I truly appreciate all the help provided by the Australian internship and Imante Markeviciute!"

Xingchen Pan

Field: Civil Engineering

Nationality: Chinese

DOCUMENTATION

We require the following documents in order to assess your eligibility:

- Resume (in Word)
- Letter of Objectives (in Word)
